

**RFP-10-28**  
**Questions and Answers**

Q1: We are a MWBE and we would like to submit a response to RFP-10-28. We also note that contracting with a MWBE is a requirement of this solicitation. Can we apply independently? Also, can you tell how we can make ourselves known as a MWBE that is available for subcontracting?

A1: Contracting with a MWBE is not a requirement but rather a goal. Choosing to utilize a MBE and/or WBE can impact your evaluation scoring. Please refer to Sections 1.21 and 3.2 for complete details. Any qualified respondent may submit their proposal response to an RFP for consideration. The Pre-RFP Information Session sign in sheet is posted on the website and lists those that attended the meeting.
